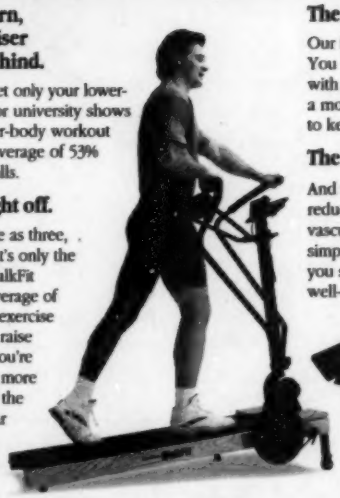
WalkFit burns 53% more calories than ordinary treadmills.

With a 53% higher calorie burn, NordicTrack's WalkFit® exerciser leaves ordinary treadmills behind.

It's simple. Ordinary treadmills target only your lower-body muscles. But research at a major university shows that the combined upper- and lower-body workout you get with WalkFit can burn an average of 53% more calories than ordinary treadmills.

The best way to take the weight off.

You can start to see results in as little as three, 30-minute workouts a week. But that's only the beginning. Once you get into the WalkFit exercise routine, you can burn an average of 850 calories per hour. What's more, exercise like you get with WalkFit also helps raise your metabolic rate, so even when you're not exercising, your body is burning more calories. As a result, it will help take the weight off by combining your regular workout with a sensible diet.



The best way to improve your cardiovascular fitness.

Our flywheel and independent resistance settings let you set the pace. You improve your cardiovascular fitness over 50% more efficiently than with ordinary treadmills because you power the total-body exerciser, not a motor. You can start, speed up, slow down or stop whenever you want to keep your routine interesting and enjoyable.

The best way to look and feel great.

And while you're burning calories, you'll be toning your whole body, reducing stress, increasing your energy and strengthening your cardiovascular system. Rain or shine, in the comfort of your home, WalkFit is simply the best way for you to get a total-body workout. And wait till you see the results! You'll have a thinner waist, flatter stomach — and a well-toned and firmly shaped body. Plus you'll feel as good as you look.

WalkFit makes ordinary treadmills obsolete.

NordicTrack's WALKFIT®
Best of all, it's from NordicTrack, A CML Company!

30-DAY IN-HOME TRIAL!

FREE Video and Brochure! Call 1-800-441-7512 Ext. P95L5

or write: NordicTrack, Dept. P95L5, 104 Peavey Road, Chaska, MN 55318-2355
